

Brownfields 2005 Grant Fact Sheet

Berkshire Regional Planning Commission, MA

EPA Brownfields Program

EPA's Brownfields Program empowers states, communities, and other stakeholders in economic development to work together to prevent, assess, safely clean up, and sustainably reuse brownfields. A brownfield site is real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. On January 11, 2002, President George W. Bush signed into law the Small Business Liability Relief and Brownfields Revitalization Act. Under the Brownfields Law, EPA provides financial assistance to eligible applicants through four competitive grant programs: assessment grants, revolving loan fund grants, cleanup grants, and job training grants. Additionally, funding support is provided to state and tribal response programs through a separate mechanism.

Community Description

The Berkshire Regional Planning Commission was selected to receive a brownfields assessment grant. Over half of the region's high-paying manufacturing jobs were lost when Berkshire County's two major manufacturers closed or restructured over a decade ago. Since then, more smaller manufacturing companies have closed, further increasing job losses and dotting the landscape with well over 1,000 brownfields. With rising unemployment that is already above the state average and a declining population, Berkshire County (population 130,953) ranks third in the state for the highest poverty level. Many of the underused and

abandoned manufacturing and commercial properties exist adjacent to residential areas in the county's urban cores. Assessment and reuse of brownfields will breathe new life into the economy and preserve greenfields. The Berkshire Regional Planning Commission plans to assess brownfields for cleanup and redevelopment in the urban cores where 95 percent of the region's jobs once existed, thereby reducing blight and contamination, and promoting investment and new employment.
